Docket 20180046-EI | Comments from a fed up Floridian

Dear PSC

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

With skyrocketing healthcare, housing prices, food, clothing and homeowners insurance, and minimal increases in Social Security, a decrease in monthly bills add up for people like me. We need lower rates, now!

Sincerely,
Mary Roller
