Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I am appalled at the greed of corporate America, and that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders instead of consumers.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings, but FPL fails to be a leader in giving back to the consumers who provide FPL their profit and wealth. It's time to show your customers that you care more than just providing slogans and commercials. Provide the tax break to us all!

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Richard Marsh
