Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm concerned that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

The purpose of the Trump tax cut was to benefit middle class Americans.

Because of the tax cut, power company customers across the U.S. have enjoyed lower bills as a result of a tax savings. But FPL's greedy policy with regard to the tax reduction is undermining these Republican goals. I suggest that the self-serving funding of needless expensive television commercials be cut or eliminated to support rate reductions for FPL customers.

Regards,

Kiel C. Barnekov

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Kiel Barnekov
