Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

I am also a Senior on limited income and HAVE to work part-time to pay bills etc FPL. The rich get richer and NEVER consider Seniors or low income. They forget us entirely because of their corporate greed. It has to end someday and if AARP can be heard and recognized then it is worth this note of concern.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. roberta woodfell
