Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

iAs a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

We strongly support the position that FPL lower it's rates to support its customers first. Benefits to shareholders should be a secondary, not primary consideration.

Florida's climate makes it a mecca for low income residents. We agree, FPL should not be permitted to be the only FL investor-owned utility to keep millions of dollars in excess tax savings-at the expense of it customers .David Draves

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. David Draves
