Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

I just retired in December and my income is now less than half of what I was making previously. I work hard to cut corners wherever I can. I'm disappointed that they are the only utility in the State of Florida not using this tax cut for the benefit of their customers.

As a Floridian age 60, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Ginny Beigel
