Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

We have been customers of FPL for 30 plus years and now we are on a very limited monthly budget due to being retired. In Florida it is a must to have air conditioning due to our age and health situations of both of us. We could use a break!

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mrs. Mitchell Ellis
