Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

Florida Power and Light is constantly running commercials touting their low rates in comparison with utilities which have more difficult operating conditions. A significant portion of this tax windfall should inure to the benefit of its customers.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. David Caruso
