Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 70+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

These savings should go directly to customers.

FPL already tried to keep the "assessment" which was supposed to finance nuclear power ... but when that became a no-can-do, FPL wanted to just forget about returning the money to customers. They are corporate slime.

Shareholders should glean profits from competent FPL management decisions, not on tax cut windfalls. Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Ronald Breen
