Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

I am old enough to remember when the Public Service Commission was elected to serve the interests of the public relating to utilities.

I also suspect that if the monopoly FPL would spend less on needless advertising, they could provide lower electric bills and still serve the needs of their investors.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Ellen Schorr
