Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 55+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings and we deserve this too. As a recent retiree with a chronic health condition I know the importance of having money for medical and prescription costs and for the high quality food needed to help me regain my health. Many of us in my age group are also struggling to care for elderly parents and or sick children.

The other Florida utilities have committed to passing this on to their customers and you should too.
Thank you.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.
We need lower rates, now!

Sincerely,

Mrs. Susan Moor
