Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

I am 67 years old and I live on a fixed income. I have made efforts to be energy-efficient: purchasing energy-star appliances, installing energy-efficient windows, switching from incandescent fixtures to LED fixtures throughout my home, unplugging appliances and lights when not in use, etc. As a consumer, I feel it is reasonable to receive a fair benefit from the tax cut that FPL enjoys.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Katherine Driskill
