Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 70+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders instead of its customers.

Customers all across the U.S. have enjoyed lower bills as a result of a tax savings. We should too. Being on a fixed income of Social Security any decrease in a bill will be helpful to offset the terrible healthcare and other living costs we face. Why should the shareholders get the savings when we always have to foot the cost increases when FP&L gets hurricane relief and new plant costs from us, their customers? Please help to pass these saving on to us.

Respectfully,

Bonnie Klaiber

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mrs. Bonnie Klaiber
