Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a native Floridian age 50+, I'm fed up and disappointed that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders. Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

Please reconsider your actions. There are millions of new customers moving to this state that can and do circumvent the need to increase the rates of the old and new customers. The economics speak for itself.

There is enough GREED in the USA that is currently being initiated by those who are wealthy at the expense of the nonwealthy.

WE THE PEOPLE OF THE STATE OF FLORIDA(native and new), mostly retired are not able to continue to fund the stockholders and at times provide the necessities of everyday living. There should be some compassionate board members, stockholders, and elected officials to consider that this is GREED at the expense of the MANY AVERAGE

INCOME FLORIDIANS WHO MAY BE STRUGLING TO PAY THEIR BILLS ,LET ALONE THE STATE AGENCIES THAT SUPPLEMENT THE ENERGY EXPENSES OF THE PERSONS WHO CANT PAY.

Please reconsider the matter since the general public is the the one who has to bear the burden.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Alicia asia
