Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

At our age, 66 and 74, every dollar counts to manage our fixed income.

Its specially disheartening to see a company like FPL getting a tax break from the government and not passing it to its customers; all we see passed on to clients are the expenses. Very unethical, unfair and undemocratic.

Please share your tax break with us.

Thank you,

Ester P. Razim

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Ester Razim
