Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

It is time that corporations started taking care of their customers, rather than their shareholders. We accepted your higher rates when hurricanes required large expenses, and understood the necessity, but now it is time and also understandable to acknowledge the necessity of lower rates for us.

As all our costs rise, the need for lower rates increases.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Susan Barwell
