Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

FPL is one of my largest monthly bill. The savings that is passed on to consumers is the right thing to do. We live in a zip code that pays higher rates than those whose incomes are in a higher tax bracket. Not everyone in Miami is wealthy. Some of us are struggling to survive.

This is unjust to low income and others who are elderly struggling with health related issues who can't even afford to run electricity in this heat induced climate, which affects our health outcomes.

Let Corporate give a break to consumers,have a corporate conscious!

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. monte brown
