Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian and a public school teacher, I am very concerned about my upcoming retirement. Florida's treatment of its teachers is contributing to its inability to fill over 2,000 teacher positions for

the2019/20 school year. Its high cost of living makes retirement difficult for its elderly citizens. If FPL can do anything to help lower essential utility costs, it has moral obligation to do so. I fear that retirees, like public school teachers, will be leaving this beautiful state because, like myself, they cannot afford to remain here.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Pam Ebersole
