RE: Tax Cut Act of 2017
Docket # 20180046

Dear Ms. Stauffer

Above mentioned Act reduces the Corporate Income Tax of Investor-Owned utilities, like FPL a 35% to 25%; FPL will receive \$649.6 Million Annually.

Instead of following the practice of other Florida Public Service Corporations like Duke Energy, Tampa Electric Company, Florida Public Utilities Corporation, those, after deducting the Hurricane costs, just passed benefits on to shareholders; Gulf Power lowered the rates without deducting the Hurricane Costs; that benefit should be shared with your Customers, the Rate Payers, many of whom, like me, are Seniors on a fixed, very tight Income.

Please include this letter in the Agenda for the next Florida Public Service Commission Meeting.

Sincerely,

Nora Lopez
(87 years old Sr. Citizen)
