Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 70+, I am unhappy that Florida Power & Light is getting a massive tax cut and is passing those savings on to shareholders. Customers across the U.S. have enjoyed lower bills as a result of the tax savings. We should too. At 72, I still see myself forced to work full-time to pay my bills, as social security only covers about 1/3 of my living expenses. A reduction in my electrical bill will assist me in reducing my expenses, so that, someday in the near future, I can finally retire.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Lourdes Soler
