I agree with Mary Anne's assessment as well as yours. Please remove B1i and add A11a.

Hong and I discussed adding B7a while she was working on opening the docket.

Thank you.

Hi Andrew,

I received the message below, from Mary Anne Helton, regarding the prog mod [in Docket 20190041]. Hong set the docket up in my absence and correctly included the prog mod *B7a - Service Regulation - Rules Regarding Service - Adopt/Amend/Repeal*. Since I don't see anything in Administrative Correspondence, I don't know if she discussed this with you or not. I note that the request to establish docket and the subsequent revised request to establish docket both indicate a prog mod of *B1i - Service Regulation - Certification - Exemption Activity*. I don't believe B1i should be included in this docket. Can you please confirm the reason for the certification prog mod and whether or not it should be retained or removed from this docket? Mary Anne also says she thinks this rule should [include] economic regulation. Please advise if prog mod *A11a - Economic Regulation - Rules Affecting Economic Regulation - Adopt/Amend/Repeal* should be added to this docket as well.

Thank you for your help.

Dorothy

I think this rule should be service and economic regulation. Also, for rules, do we typically add another category like is done here?

Hi Mary Anne,

I'm going through my reports and found that I don't have a response from you for 2/11/19 through 2/15/19. Brian sent the report out, so if you responded to him, I apologize for the inconvenience, but he never forwarded it to me. If you could take a gander at the report and let me know if everything is okay, I'll close out this report and be out of your hair! Thank you for your help,

Dorothy
