BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for a Limited Proceeding to
Approve First Solar Base Rate Adjustment,
By Duke Energy Florida, LLC

Docket No. 20180149-EI

Dated: March 26, 2019

**AFFIDAVIT OF MATTHEW G. STOUT IN SUPPORT OF
DUKE ENERGY FLORIDA'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF VERMONT

COUNTY OF WINDSOR

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Matthew G. Stout, who being first duly sworn, on oath deposes and says that:

1. My name is Matthew G. Stout. I am over the age of 18 years old and I have been authorized by Duke Energy Florida, LLC (hereinafter "DEF" or the "Company") to give this affidavit in the above-styled proceeding on DEF's behalf and in support of DEF's Request for Confidential Classification (the "Request"). The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the Managing Director of Business Development for Wind and Solar Development within the RGD Business Development Department. This department is responsible for the development of new solar facilities for DEF.

3. As the Managing Director of Business Development for Wind and Solar Development, I am responsible, along with the other members of the department, for conducting solar development activities including project siting, land acquisition, resource assessment,

permitting, obtaining interconnection rights, project layout and design, and arranging contracts for engineering, procurement and construction, as well as originating, structuring, and executing transactions to acquire rights to existing solar development projects.

4. DEF is seeking confidential classification for information contained in its Response to Staff's Third Request for Production of Documents (Nos. 9-14), submitted on March 5, 2019. The confidential information at issue is contained in confidential Exhibit A to DEF's Request and is outlined in DEF's Justification Matrix that is attached to DEF's Request for Confidential Classification as Exhibit C. DEF is requesting confidential classification of this information because it contains sensitive business information, the disclosure of which would impair the Company's efforts to contract for goods and services on favorable terms.

5. Additionally, the disclosure of the confidential information concerning the counter-parties with whom DEF is in active negotiations, could adversely impact DEF's competitive business interests. If such information was disclosed to other counter-parties, it could provide valuable insight into prices that DEF may be willing to pay in certain circumstances, thereby materially harming DEF's ability to negotiate competitive contracts in the future. DEF's efforts to obtain competitive contracts that provide economic value to both DEF and its customers could be compromised. Without DEF's measures to maintain the confidentiality of counter-parties and contractual terms, the Company's efforts to obtain competitive contracts could be undermined.

6. Upon receipt of confidential information from suppliers, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information and contracts. At no time since receiving the contracts

and information in question has the Company publicly disclosed that information or contracts.

The Company has treated and continues to treat the information at issue as confidential.

7. This concludes my affidavit.

Further affiant sayeth not.

Dated the 8th day of April, 2019.

Matthew G. Stout
Managing Director of Business Development for
Wind and Solar Development
