COMPLAINT INFORMATION

Complaint: Other Complaint against Pine Island Cove Homeowners Association, Inc.

Details:

The BOD has requested deregulation from the FPSC. The members have just recently been informed of this with what they e-mailed us calling it a final notice of which was also the first notice. My question being why was PIC regulated in the first place? I called and talked to Jeff and I know a few other people also contacted the FPSC. PIC has 11 rental units was that the reason for the regulation? I object to the deregulation because it has already been said the rates will go from 15.00 a month to 50.00. The BOD raised the management fees 30.00 for 2019 and with the increase of another \$35.00 plus on the wastewater I fear will hurt some of the members who are very elderly and don't have flexible incomes. Please consider this when making the final decision. Thank You Gail D Tingley
