Marty,

Staff has reviewed Aquarian Utilities, Inc.'s (Aquarina) deficiency response, filed on May 15, 2019, and has determined the application to be deficient. In 2018, Aquarina had annual water revenues of \$200,000 or more but less than \$1,000,000, and is therefore a Class B utility. As such, Aquarina must meet the minimum filing requirements set forth in Rule 25-30.445(4), Florida Administrative Code. Please submit the deficient items listed in staff's April 24, 2019, deficiency letter no later than May 31, 2019.
