Message Body:

Gulf Power has announced that Floridans power bills will increase in order to make up for Hurricane Michael. I don't understand why when President Trump recently announced that he was giving federal money to our state for Hurricane Michael. This is not right.

RE: FPSC Inquiry 1308654C

Dear Ms. Gulley:

The Governor's office forwarded your concerns regarding Gulf Power Company to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

You expressed concerns about Gulf Power Company's petitions for consideration of the stipulation and settlement agreement between Gulf Power Company, the Office of Public Counsel, Florida Industrial Power Users Group, and Southern Alliance for Clean Energy regarding the Tax Cuts and Jobs Act of 2017; and for a limited proceeding for recovery of incremental storm restoration costs related to Hurricane Michael.

We will add your comments to the correspondence side of Docket Nos. 20180039 and 20190038, respectively.

If you want further case information, visit the FPSC's website, www.floridapsc.com and click on the Clerk's Office tab, then hit Dockets and type in Docket numbers 20180039 and 20190038 (separately); all submissions can be found by accessing the Document Filing Index.

If you have any questions or concerns please contact Ms. Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Randy Roland
