to Hurricane Irma.

Docket No: 20180049-EI

Date: June 13, 2019

**FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION OF FPL'S ANSWERS TO OPC'S
SEVENTH INTERROGATORIES, NO. 150**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") hereby submits its Request for Confidential Classification of FPL'S Answers to OPC's Seventh Interrogatories, No. 150. In support of this request, FPL states as follows:

1. On May 24, 2019, Commission Staff was provided copies of FPL's Answer to OPC's Seventh Interrogatories No. 150. FPL filed its Notice of Intent to Request Confidential Classification of these materials on May 24, 2019. Pursuant to Rule 25-22.006(3)(a)1, FPL is required to file a Request for Confidential Classification of the confidential information within 21 days. Accordingly, FPL is filing this Request for Confidential Classification to maintain continued confidential handling of the documents attached to FPL's Answers to OPC's Seventh Interrogatories No. 150.

2. FPL has previously asserted the confidentiality of these materials in its Motion for Temporary Protective Order dated January 4, 2019. On January 14, 2019, the Commission entered Order No. PSC-2019-0032-CFO-EI granting the Motion for Temporary Protective Order referred to herein.

3. The following exhibits are included with and made a part of this request:

a. Exhibit A consists of a disc containing confidential documents provided to the clerk of the Commission with FPL's notice of intent filed May 24, 2019. Therefore this disc will not be reproduced with this Request.

b. Exhibit B consists of a copy of the confidential documents, on which all the information that is entitled to confidential treatment under Florida law has been redacted. For the documents that are confidential in their entirety, FPL has included only identifying cover pages in Exhibit B.

c. Exhibit C is a table containing an identification of the information highlighted in Exhibit A by page and line and a brief description of the confidential information. Exhibit C also references the specific statutory bases for the claim of confidentiality and identifies the declarant who supports the requested classification.

d. Exhibit D contains the declarations of Thomas Gwaltney, Ray Lozano and Kristin Manz in support of this Request.

4. FPL submits that the highlighted information in Exhibit A is proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. Pursuant to Section 366.093, such information is entitled to confidential treatment and is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

5. As described more fully in the declaration included as Exhibit D, certain documents contain information concerning trade secrets. This information is protected by Section 366.093(3)(a), Fla. Stat.

6. Also, certain information in these documents concerns bids or other contractual data, the disclosure of which would impair the efforts of FPL or its affiliates to contract for

goods and services on favorable terms. This information is protected by Section 366.093(3)(d), Fla. Stat.

7. Lastly, certain information concerns FPL's competitive interests, the disclosure of which would impair the competitive business of FPL and its vendors. This information is protected by Section 366.093(3)(e), Fla. Stat.

8. Upon a finding by the Commission that the information highlighted in Exhibit A, and referenced in Exhibit C, is proprietary confidential business information, the information should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. See § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted this 13th day of June, 2019.

WRITTEN DECLARATION OF KRISTIN MANZ

1. My name is Kristin Manz. I am currently employed by Florida Power & Light Company ("FPL") as IT Technology Director. During the time that Hurricane Irma impacted FPL's service territory, through July of 2018, I was employed by FPL as Director of Finance Operations. I have personal knowledge of the matters stated in this written declaration.

2. I have reviewed the documents and information included in Exhibit A to FPL's 17 Requests for Confidential Classification filed this date, for which I am listed as a declarant on Exhibit C. The answers and documents that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute contractual data, trade secrets, and information related to competitive interests, the disclosure of which would impair the competitive business of FPL, its affiliates and its contractors, vendors and suppliers. Specifically, the answers and documents contain the names, rates, quantity, contractual provisions, invoices of our third-party contractors, vendors and suppliers, payments to our contractors, vendors and suppliers, all of which was agreed upon exclusively with these contractors, vendors, and suppliers. The answers and documents further describe the specific methodologies developed and used by FPL to negotiate contracts, to secure resources, to receive, review and approve or reject requests for payment, and every other aspect of FPL's unique processes developed and used by FPL in responding to storm events, obtaining resources, and administering payment processes related thereto. Disclosure of this information would impair FPL's contractor, vendor, and supplier relationships, and impair or negate the commercial interests of FPL as FPL negotiates contracts and seeks to obtain contractors, vendors and suppliers to provide critical construction, restoration resources necessary to perform storm restoration. Disclosure of this information would also impair or negate the commercial interests of FPL's contractors, vendors and suppliers as they negotiate with others for the services they provide. The disclosure of this information will also negatively impact the efforts of FPL or its affiliates to contract for goods and services on favorable terms in the future, which in turn increases costs to FPL and its customers. To the best of my knowledge, FPL has maintained the confidentiality of this information.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of eighteen (18) months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.
