**Re: Technical changes to Rule 25-6.062, F.A.C.**

Dear Mr. Reddick:

We need to make the following technical changes to the Rulemaking Authority and Law Implemented sections of Rule 25-6.062:

**25-6.062 Inspection of Wires & Equipment.**

....

Where inspection is required by law to insure that the wiring and equipment of the customer is installed and maintained in accordance with National Electric Code, local and utility requirements, the utility shall not make service connection until approval is granted by the authorized inspecting authority.

*Rulemaking Authority 350.127(2), 366.05(1) FS. Law Implemented 366.05(1) FS. History—New 7-29-69, Formerly 25-6.62.*

Please let me know if you have any questions. I can be contacted at (850) 413-6856 or [ladavis@psc.state.fl.us](mailto:ladavis@psc.state.fl.us).

Sincerely,

/s/ Lauren Davis
