**TAMPA ELECTRIC COMPANY'S
MOTION FOR A TEMPORARY PROTECTIVE ORDER**

Tampa Electric Company (“Tampa Electric” or “the company”) pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006(6)(c), Florida Administrative Code, hereby moves the Commission for entry of a temporary protective order exempting from Section 119.07(1), Florida Statutes, certain information requested by the Office of Public Counsel (“OPC”) through discovery, and for the protection of that information against public disclosure pending OPC’s review of it. In support of its Motion the company says:

1. On July 11, 2019, OPC served on Tampa Electric its First Request for Production of Documents (Nos. 1-2). This Motion relates to OPC’s POD Nos. 1 and 2, which read as follows:

1. *For Wimauma and Little Manatee River Projects, please provide the unlocked excel spreadsheets/schedules, (including links to all workbooks) containing and supporting the CPVRR analysis – both with and without the land, including any conversion of lease arrangements to the equivalent land purchase cost or value.*
2. *Please provide all related and preliminary agreements and supporting documents (including appraisals) relating to, and including, the purchase agreement(s) and or contract(s) as well as the lease agreement(s) related to the Wimauma and Little Manatee River Projects.*

2. Tampa Electric possesses documents responsive to the above Production of Document Nos. 1 and 2, that contain confidential proprietary business information entitled to

protection against public disclosure pursuant to Section 366.093, Florida Statutes, in that they contain, among other things:

(d) information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. (Section 366.093(3)(d) and (e), Florida Statutes)

3. Public disclosure of the information in question would adversely affect the economic interests of Tampa Electric and its customers.

4. Rule 25-22.006, Florida Administrative Code, provides for protection of this type of information when a utility allows Public Counsel to inspect or take possession of such information in the course of discovery. Subsection (6)(c) of this rule states:

(c) When a utility or other person agrees to allow Public Counsel to inspect or take possession of utility information for the purpose of determining what information is to be used in a proceeding before the Commission, the utility may request a temporary protective order exempting the information from Section 119.07(1), F.S. If the information is to be used in a proceeding before the Commission, then the utility must file a specific request for a protective order under paragraph (a) above. If the information is not to be used in a proceeding before the Commission, then Public Counsel shall return the information to the utility in accordance with the record retention requirements of the Department of State.

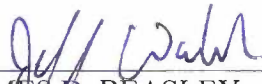

5. Tampa Electric requests a temporary protective order in order to allow OPC access to the information requested and at the same time protect the economic interests of Tampa Electric and its customers from the harm that would result from public disclosure of the above-referenced confidential information.

6. Tampa Electric is prepared to furnish OPC access to the requested information. The company maintains the information in question in a confidential form and has not disclosed it publicly.

WHEREFORE, Tampa Electric moves the Commission for entry of a temporary protective order allowing it to provide access to OPC to the information requested while maintaining the confidential nature of that information.

DATED this 12th day of August 2019.

Respectfully submitted,
