C. STATEMENT OF BASIC POSITION

The utilities bear the burden of proof to justify the recovery of costs they request in this docket. The utilities must carry this burden regardless of whether or not the Interveners provide evidence to the contrary. Further, the utilities bear the burden of proof to support their proposal(s) seeking the Commission's adoption of policy statements (whether new or changed) or other

affirmative relief sought. Even if the Commission has previously approved a program, recovery of a cost, factor, or adjustment as meeting the Commission's *own* requirements, the utilities still bear the burden of demonstrating that the costs submitted for final recovery meet any statutory test(s) and are reasonable in amount and prudently incurred. Further, recovery of even prudently incurred costs is constrained by the Commission's obligation to set fair, just, and reasonable rates. Further, pursuant to Section 366.01, Florida Statutes, the provisions of Chapter 366 must be liberally construed to protect the public welfare.
