RE: Docket No. 20190192-TX - Petition for expedited review of Somos' denial of application for numbering resources for the Orlando rate center, by Orlando Telephone Company, Inc. d/b/a Summit Broadband.

On October 4, 2019, Orlando Telephone Company, Inc. d/b/a Summit Broadband (Orlando Telephone Company) filed a request for additional numbering resources from the Number Pooling Administrator (Somos) for the Orlando rate center, ORLDFLMADSH switch. Orlando Telephone Company requested nine blocks to meet the request of a specific customer for the first 500 consecutive numbers from each of the nine blocks. On October 4, 2019, Orlando Telephone Company's request for additional numbering resources was denied because it did not meet the utilization criteria.

On Monday, October 14, 2019, Orlando Telephone Company filed a petition requesting that the Commission overturn Somos' decision. In accordance with Section 2.07C.5.d(2). of the Administrative Procedures Manual (APM), staff has examined Orlando Telephone Company's petition and has determined the following:

- The carrier has demonstrated that it has customers in need of numbering resources;
- The carrier has shown that it will be unable to provide services to these potential customers because of Somos' denial of the numbering resources; and
- Customers will not be able to obtain service from the provider of his/her choice because the carrier does not have the numbers available.

Since the three criteria of Section 2.07C.5.d(2). of the APM have been met, please prepare an administrative Proposed Agency Action Order to be issued within seven business days of this memorandum (November 4, 2019), as outlined in the APM expedited code denial process. Somos should be directed to provide Orlando Telephone Company the numbering resources to meet its customer's needs in the Orlando rate center, ORLDFLMADSH switch. Please allow staff assigned to the docket to review the Order before it is issued. If you have any questions, please call Margarita Yglesias de Ayala at (850) 413-6594.
