#### CUSTOMER COMMENTS

Heather Hills Utilities LLC is asking for an extra (and substantial) rate hike. We feel that there is no reasonable basis for this request, except that it would help them pay off their expenses earlier. It feels like they over paid for this company, because they knew they could request rate hikes later. This increase doesn't seem to stem from any county increase that would raise their costs. It feels like they simply bought this company with plans to raise rates as soon as possible. If there are no real unforeseen costs for them, this is simply a mistake on their part. We should not be asked to (or forced to) make up the shortage. They should resell the company, if they can.
