Re: Petition of Florida Light & Power Requesting Approval of Solar Together Program and Tariff;
Order No: PSC-2019-0272-PCO-EI; Docket No: 20190061-EI

To whom this may concern,

Please note that Wells Fargo Bank, NA is generally supportive of the SolarTogether program by Florida Light & Power (FPL) under this docket. We're inclined to participate under the current program structure offered by FPL – pending breakeven or better economics – whereby customers subscribe to a portion of new solar capacity built through the program and receive a bill credit for a portion of the system savings attributed to that solar capacity.

We are hopeful that the Florida PSC will support SolarTogether and further enable customers to achieve their sustainability goals.

Please contact us if you have any questions concerning this letter.

Sincerely,
