Subject: Proposed increase for water @ Fawn Ridge

Dear Commissioner Graham:

Re: Docket # 20190071-WS

As Senior citizens who are members of Fawn Ridge Campground, living on fixed incomes, we object to an outrageous increase of 308% for the water usage. The water there is metered and every drop used is paid for. Yet, Deer Creek Utilities has done nothing to find where the 30% they claim to be losing is going. If they are losing that amount, they should be looking to see if there is a leak.

The hearing was held in December when most Snowbirds are not present. With all the other expenses in life, this may mean that we older people may not be able to make use of what we've already bought into, hoping to enjoy your lovely weather.

Thank you reviewing this situation.

Yours truly,
Mary & Hassell McClanahan
