Subject: Docket #20190071-WS

We are owners of a deed at Fawn Ridge RV Park in Davenport, Florida. We would like the following statements be added to the application.

Deer Creek Utilities is proposing a 308% increase in our water and sewer rates which is about 4 times our current rates. This excessive and unfair increase is totally unacceptable to us as it would raise our annual cost of ownership in this property to an unreasonable amount. We, like most of the owners in Fawn Ridge, are on a fixed income and are unable to absorb such an excessive increase.

Our subdivision is metered by Deer Creek Utilities and we pay for every gallon of water that enters our park. This utility as done very little to stop the estimated 30% of the water they claim they are losing. We were not present at the public hearing held in December. But we totally object to the proposed 308% rate increase from Deer Creek Utilities.

Please register our request for denial of this proposed increase.

Sincerely,

Terry L. Clark
