CUSTOMER COMMENTS
Commissioners,
I have not, as yet talked to anyone who thinks that if we just ignore this it will eventually just go away. Unlike our elected officials in Washington we cannot just "write a check" (with no funds to cover it) That being said it seems someone has been remiss in their duties if costs have suddenly escalated to the point where a 2000 gallon a month user must absorb a 143 percent increase in base rate. Why such a large increase. Not a good start for a new utility. No one seems to know if, or how much the businesses up front (Polk tax office, Taco Bell, etc) are paying. A fair commercial rate I hope, - Well out of space.
Regards, Jerry Robinson
