Dear Commissioner,

Please take a moment to consider my request to have this utility increase Dismissed. I am writing this letter in support of Bob Shaw & Christina Crosby in their efforts to dismiss this utility increase of 308% proposed by Deer Creek Golf & RV Park onto Fawn Ridge RV Park. The parks were separated years ago with the understanding that each park remain separate and maintain their individual park systems. We purchase every drop of water that we use and we also maintain the integrity of our water systems. They leak, we repair at our parks expense.

Deer Creek Claims that they are experiencing a 30% water loss that is in their park which has nothing to do with Fawn Ridge but they want to saddle us with a 308% increase in water/sewage payments.

The majority of owners at Fawn Ridge are retired and on fixed income. The public hearing was held in December when most of the owners were absent. 308% increase is excessive and Fawn Ridge shouldn't have to pay for Deer Creek's shortcomings.

Please dismiss this increase and make this complaint part of the application to dismiss.

Docket # 20190071-WS

Thank you for you time

John Kwasniak
Member/ Owner at Fawn Ridge
