CUSTOMER COMMENTS
I am a retired widower on a fixed income residing in Deer Creek UDI Phase II in Davenport Florida. It seems that Deer Creek Utilities has done very little to stop the estimated 30% of the water they claim they are losing. Fawnridge is metered and pay for every gallon of water that enters our park. The Public Meeting was held in December, when most of our owners were not present. A rate increase of 308% is very excessive, ridiculous and unfair. It seems that a more realistic rate increase could be found, if there even has to be an increase at all. Thank you
