Subject: Requesting psc approval for Deer CreekDOCKET #20190071-WS

My husband and I have been an owner in Deer Creek RV & CC (Eagles View phase) for over 10 years. We understand and believe that an increase in our water bill is due after many years at the same rate. BUT the increase requested is too excessive.

We have a lift station that is owned by our Deer Creek RV & CC and which we are responsible for. Three subdivisions along with both strip malls PLUS Polk County DMV building do not contribute to the maintenance of our lift station. But, they are all connected to our lift station.

Its time that we be allowed to charge the subdivisions, 2 strip malls including the DMV a fee to help off- set the cost of the wear and tear to our lift station.

We only have 4 core divisions in here that pay to keep this lift station and pipes in running order.

Please consider allowing us to charge the buildings that use our sewage lift station, after many years of their free usage.

Thank you for your time and consideration.

Marion Cordeiro, owner in Eagles View, Deer Creek RV & CC
