Subject: HC Water Request for Rate Increase Sebring Florida

Recent HC Water Rate Increase Meeting in Sebring Fl.

Dear Ms. Morse:

Please find attached pictures of the drinking water provided by HC Water for our drinking pleasure. This coupled with the foul order makes the water impossible to drink and clothing to smell bad. It's appearance and smell makes one afraid to drink it no matter how much the provider expounds its fitness for human consumption. As stated at the meeting, while the cost is of concern, the more important issue is obtaining what we are paying for, quality drink water.

Thank you for your help in this matter;
