**Subject:** Docket# 20190196-TP

Good day:

I want to comment on the area code relief of the 813 area code.

I favor the all distributed overlay as the best appropriate method for the 813 area code relief. I do not favor the boundary elimination overlay to the simply reason that is not going to resolved the long term relief of the 813 area code. The boundaries should remain intact and 813 area code should implement its own all distributed overlay. I hope my comment is taking into consideration as part of the final decision of the relief plan is taken into consideration by the commission. Thank you for your consideration. Have a pleasant day.

Regards,

Raul S
