Document No. 09493-2019 wasn't on the list to keep or send back. It can be sent back, right?

So just to double check, the rest of the confidential documents were not in the record or late filed and therefore not needed anymore? To the best of my knowledge at this time, that is correct.

Would you mind getting with the clerk’s office and asking for them to return the documents we don’t need please? I will attempt to do so Monday.

Can you please take a look at the pending confidentiality motions and determine which ones can be sent back to FPL, i.e., weren't put into the record. I am going to work on getting the confidentiality orders done, but there is no need to do an order for documents that weren't placed in the record.

Thanks,

Kristen Simmons
