The Honorable Gary Clark
Chairman, Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399

**Re: JOINT REQUEST FOR DEFERRAL OF CONSIDERATION OF
STAFF RECOMMENDATION FOR DOCKET NO. 2018-0213 TL
SUBMITTED BY FIND and AT&T**

Dear Chairman Clark:

My client, the Petitioner, the Florida Inland Navigation District (“FIND”) and the Respondent, BellSouth Telecommunications, LLC d/b/a AT&T Florida d/b/a AT&T Southeast (“ATT”), represented by Tracy Hatch, jointly request that this matter be deferred from the March 31, 2020 Agenda Conference pursuant to the following conditions:

ATT represents that it has in place a construction contractor, pending satisfactory proof of insurance, to have the telecommunications cable which crosses the Atlantic Intracoastal Waterway in Broward County, Florida relocated and that FIND will soon be able to begin the needed and necessary dredging work that has been pending since 2015;

Accordingly, the parties request that the matter be deferred from the March 31, 2020 Agenda Conference, and that this matter be brought back to the Commission for an update to the Commission by the parties, and further consideration of this matter as warranted by the Commission at its August 4, 2020 Agenda Conference.

If you have questions or need additional information, please let me know.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Jon C. Moyle, Jr.', with a large, stylized flourish extending to the right.

Jon C. Moyle, Jr.
