CUSTOMER COMMENTS
1. It's my understanding that the Lost Revenue is from GOLF Course Irrigation ^{H2O} - NOT Portable Water so why is Portable going up 51%, irrigation is down? makes no sense. If you need a rate increase - Run it through Irrigation.
2. As the Community (Aquarina) continues to develop - AND more H2O is consumed - will our rates drop?
3. I've never heard of a 51% increase in anything - esp on a product that is critical to life - Maybe we should all get H2O barrels and drink Rain water.
