Re: Docket No. 20200097-EI Petition of Gulf Power Company for Approval of Budget Billing Tariff modifications

Mr. Badders and Mr. Hoffman:

By this letter, Commission staff requests that Gulf Power Company (Gulf or utility) provide responses to the following questions.

1. How and when will the current lighting customers that subscribe to budget billing be notified of the termination of the budget billing option?
2. Please provide any materials that will be provided to lighting customers regarding the termination of the budget billing option.
3. Please explain why the new billing system is not able to provide the budget billing option to lighting customers under rate schedule OS.
4. The outdoor lighting rate schedule contains three charges: a fixture charge, a maintenance charge, and an energy charge. Please explain if the budget billing calculation applies to the calculation of all three charges, or just the energy charge (since the fixture and maintenance charges are fixed monthly charges).
5. Is lighting service metered or unmetered? Please explain.

6. The petition refers to an average monthly lighting charge of \$11.10. Is that the total lighting charge or just the energy charge? Please explain and show the calculation for the \$11.10.

Please file all responses electronically by April 14, 2020, via the Commission's website at www.floridapsc.com by selecting the Clerk's Office tab and electronic Filing Web Form. Please contact me at hforrest@psc.state.fl.us or at 850.413.6808 if you have any questions.

Sincerely,

7.

/s/ Holly Forrest
