Re: Review of the 2020 Ten-Year Site Plans for Florida's Electric Utilities

Dear Mr. Rubio,

Pursuant to Section 186.801, Florida Statutes, the Florida Public Service Commission (Commission) is responsible for reviewing and classifying each electric utility's Ten-Year Site Plan as "suitable" or "unsuitable." As part of the annual review, in accordance with Rule 25-22.071, Florida Administrative Code, the Commission must provide a copy of the relevant Ten-Year Site Plans (TYSP) to, and solicit the views of, the appropriate state, regional, and local agencies. To this end, the Commission has made available on its website electronic copies of the 2020 TYSPs for all the Florida electric utilities at the following link: <http://www.psc.state.fl.us/ElectricNaturalGas/TenYearSitePlans>.

Below is a list of the TYSPs of electric utilities that have identified preferred or potential plant sites in your jurisdiction for your review and comments in regard to their suitability as planning documents. Please note that these plans are not designed to give information about proposed facilities in such detail as would be required for a development permit or other formal process.

Relevant Ten-Year Site Plans

Florida Power & Light Company (FPL) / Gulf Power Company (GPC)
Duke Energy Florida (DEF)
Tampa Electric Company (TECO)
Florida Municipal Power Agency (FMPA)
Gainesville Regional Utilities (GRU)
JEA
Lakeland Electric (LAK)
Orlando Utilities Commission (OUC)
Seminole Electric Cooperative (SEC)
City of Tallahassee Utilities (TAL)

Please forward all comments by July 24, 2020, including an electronic copy to my email address below. If you have any questions, or require additional time to file comments, please feel free to contact me by phone at (850) 413-6682, or by email at dwright@psc.state.fl.us, or Phillip Ellis by phone at (850) 413-6626, or by email at pellis@psc.state.fl.us. Thank you for your assistance.

Re: Review of the 2020 Ten-Year Site Plans for Florida's Electric Utilities

Dear Ms. Cosio-Carballo,

Pursuant to Section 186.801, Florida Statutes, the Florida Public Service Commission (Commission) is responsible for reviewing and classifying each electric utility's Ten-Year Site Plan as "suitable" or "unsuitable." As part of the annual review, in accordance with Rule 25-22.071, Florida Administrative Code, the Commission must provide a copy of the relevant Ten-Year Site Plans (TYSP) to, and solicit the views of, the appropriate state, regional, and local agencies. To this end, the Commission has made available on its website electronic copies of the 2020 TYSPs for all the Florida electric utilities at the following link: <http://www.psc.state.fl.us/ElectricNaturalGas/TenYearSitePlans>.

Below is a list of the TYSPs of electric utilities that have identified preferred or potential plant sites in your jurisdiction for your review and comments in regard to their suitability as planning documents. Please note that these plans are not designed to give information about proposed facilities in such detail as would be required for a development permit or other formal process.

Relevant Ten-Year Site Plans

Florida Power & Light Company (FPL) / Gulf Power Company (GPC)

Please forward all comments by July 24, 2020, including an electronic copy to my email address below. If you have any questions, or require additional time to file comments, please feel free to contact me by phone at (850) 413-6682, or by email at dwright@psc.state.fl.us, or Phillip Ellis by phone at (850) 413-6626, or by email at pellis@psc.state.fl.us. Thank you for your assistance.

Sincerely,

Re: Review of the 2020 Ten-Year Site Plans for Florida's Electric Utilities

Dear Mr. Flores,

Pursuant to Section 186.801, Florida Statutes, the Florida Public Service Commission (Commission) is responsible for reviewing and classifying each electric utility's Ten-Year Site Plan as "suitable" or "unsuitable." As part of the annual review, in accordance with Rule 25-22.071, Florida Administrative Code, the Commission must provide a copy of the relevant Ten-Year Site Plans (TYSP) to, and solicit the views of, the appropriate state, regional, and local agencies. To this end, the Commission has made available on its website electronic copies of the 2020 TYSPs for all the Florida electric utilities at the following link: <http://www.psc.state.fl.us/ElectricNaturalGas/TenYearSitePlans>.

Below is a list of the TYSPs of electric utilities that have identified preferred or potential plant sites in your jurisdiction for your review and comments in regard to their suitability as planning documents. Please note that these plans are not designed to give information about proposed facilities in such detail as would be required for a development permit or other formal process.

Dear Mr. Mullin,

Pursuant to Section 186.801, Florida Statutes, the Florida Public Service Commission (Commission) is responsible for reviewing and classifying each electric utility's Ten-Year Site Plan as "suitable" or "unsuitable." As part of the annual review, in accordance with Rule 25-22.071, Florida Administrative Code, the Commission must provide a copy of the relevant Ten-Year Site Plans (TYSP) to, and solicit the views of, the appropriate state, regional, and local agencies. To this end, the Commission has made available on its website electronic copies of the 2020 TYSPs for all the Florida electric utilities at the following link: <http://www.psc.state.fl.us/ElectricNaturalGas/TenYearSitePlans>.

Below is a list of the TYSPs of electric utilities that have identified preferred or potential plant sites in your jurisdiction for your review and comments in regard to their suitability as planning documents. Please note that these plans are not designed to give information about proposed facilities in such detail as would be required for a development permit or other formal process.

Relevant Ten-Year Site Plans

Florida Power & Light Company (FPL) / Gulf Power Company (GPC)

Please forward all comments by July 24, 2020, including an electronic copy to my email address below. If you have any questions, or require additional time to file comments, please feel free to contact me by phone at (850) 413-6682, or by email at dwright@psc.state.fl.us, or Phillip Ellis by phone at (850) 413-6626, or by email at pellis@psc.state.fl.us. Thank you for your assistance.

Sincerely,
