STAFF'S FOURTH DATA REQUEST VIA EMAIL

Re: Docket No. 20200053-EG - Petition for approval of demand-side management plan, by Tampa Electric Company.

Dear Mr. Beasley:

By this letter, Commission staff requests that Tampa Electric Company (TECO or Utility) provide responses to the following data request:

1. Please refer to TECO's response to staff's first data request, number 6(c). If the cost cap of the Utility's Conservation Research and Development (R&D) program was increased to \$4 million, would the Utility be able to achieve the objectives of its proposed Integrated Renewable Energy System pilot program under its existing Conservation R&D program? If not, please explain.
2. Please refer to TECO's response to staff's third data request, number 1. For each existing residential and commercial program with failing cost-effectiveness test results, please explain the reason for the failing result(s).
 - a. For the Utility's proposed residential Energy and Renewable Education, Awareness, and Agency Outreach, and Neighborhood Weatherization programs, please identify and describe possible solutions to achieve passing Rate Impact Measure test results. If this is not possible, please explain why.
3. Please refer to TECO's response to staff's third data request, number 4. Please explain the reason for all differences in projected annual program savings for like programs when comparing the Utility's Existing Programs and Proposed Programs.
4. Please refer to TECO's response to staff's third data request, number 5. Please explain the reason for all differences in projected annual program participation for like programs when comparing the Utility's Existing Programs and Proposed Programs.
