Light Source Communications, LLC

Light Source Communications, LLC, (LSC), was founded in 2014 to fulfill the demand for more bandwidth and better access. LSC is designed to build, own and maintain unique long-haul dark fiber networks across the United States. As providers are challenged to offer more services the need for new, diverse fiber networks will continue to increase. LSC is committed to being the premier sole-source provider of dark fiber, offering the answer to the strong market demand. Light Source Communications, LLC is proud to offer its customers a combined 50 years of telecommunications and project management experience. Light Source Communications, LLC is headquartered in Michigan.

Pete A. Empie

Pete has 35 years of telecom experience. Pete cofounded Light Source Communications, LLC to build sell and maintain dark fiber assets. In 2009, as Founder and CEO, of Fiber Network Consultants (FNC) Pete was awarded Project Management of the 100 million dollar, 2300 mile fiber build by Merit Network. The project exceeded expectations by coming in slightly under budget, and on time in 2013. Pete then collaborated with Western Telecommunications, Inc., to manage the network maintenance, locating, and permitting management. In 1999, Pete started Waypoint Telecom. As COO of Waypoint he built a 144 count metro dark fiber ring around Lansing, Michigan. Pete sold out the 144 fibers in 3 1/2 years, establishing IRUs with Government, Enterprise, Telecom Carriers, ISP's, and Nonprofit Organizations. In 2005, he expanded Waypoint to light a 600 mile DWDM long haul fiber route in Michigan. He established several metro rings within the State, connected the Michigan network to Chicago, and expanded to light a 1200 mile fiber ring from Chicago to St. Louis.

Pete is an Army veteran, where he worked and trained in the US Signal Corp. After serving his country Pete hired on with MCI as an engineer. From there he went to Brooks Fiber Inc., serving as 3rd level Tech Support specializing in Switching, covering 44 cities throughout the US. Following Brooks Fiber, Pete worked with TCI as a Regional Engineer, designing, and constructing private carriage fiber networks. Following that Pete established a Telephony division within International Cable and Telephone with 400% year over year growth for 3 years, specializing in fiber based Wide Area Networks.

Debra J. Freitas

Debra is a co-founder of Light Source Communications, LLC. Over the past few years, she has managed a 2,300 mile fiber network including multiple IRU customers. She is an expert in operating and maintaining long haul fiber. Debra developed the vendor management protocols as well as managed the maintenance and access of the network from contract to implementation. She procured materials, worked on the negotiation of maintenance and construction agreements, and acted as the liaison between customers and fiber owners. Debra brings 12 years of project management experience working on various projects from industrial installations for General Motors Co., and DiamlerChrysler, to Rights and Royalties for academic publications, and she also owned a Professional Services Consulting company. Debra is an excellent communicator, and she brings high level sales and marketing strategies to LSC. She graduated from the University of Michigan.
