Purpose

To: Florida Public Service Commission

We have performed the procedures described later in this report to meet the objectives set forth by the Division of Economics in its audit service request dated January 28, 2020. We have applied these procedures to the attached summary exhibit and to several related schedules prepared by Tampa Electric Company in support of its 2019 filing for the Energy Conservation Cost Recovery Clause in Docket No. 20200002-EG.

The report is intended only for internal Commission use.

Objectives and Procedures

General

Definitions

Utility refers to the Tampa Electric Company.

ECCR refers to the Energy Conservation Cost Recovery Clause.

Capital Investments

Utility Plant in Service

Objectives: The objectives were to verify the Utility's ECCR project related additions, retirements, and adjustments for the period January 1, 2019, through December 31, 2019.

Procedures: We obtained the Utility's subsidiary ledger of all ECCR plant balances as of December 31, 2019. We reconciled each to the ECCR 2019 filing. We randomly selected transactions from Price Responsive Load Management program, and Energy Education Awareness program and traced the transactions to the respective invoice and documentation. No exceptions were noted.

Revenue

Operating Revenues

Objectives: The objectives were to determine the actual Kilowatt Hours (KWH) sold for the period January 1, 2019, through December 31, 2019, and whether the Utility applied the Commission approved cost recovery factor to actual KWH sales for the ECCR.

Procedures: We traced the 2019 filing to the Utility's monthly ECCR Revenue Reports. We recalculated revenues for the months of January through December by multiplying KWH sales by Commission approved ECCR factors. A random sample of residential and commercial customers' bills test was performed by rate class in Docket No. 20200007-EI, Audit Control Number 2020-015-2-2 to verify that the correct tariff rate was used. No exceptions were noted.

Expense

Operation and Maintenance Expense

Objectives: The objectives were to determine whether Operation and Maintenance (O&M) Expense listed on Schedule CT-3 of the filing was supported by adequate documentation and that the expenses are appropriately recoverable through the ECCR.

Procedures: We traced expenses in the filing to the general ledger detail. We judgmentally selected a sample of O&M Expenses for testing. The source documentation for selected items was reviewed to ensure that the expense was for the current period, was charged to the correct accounts, and was appropriately recoverable through the ECCR. Advertising expenses were reviewed for compliance with Rule 25-17.015(5), Energy Conservation Cost Recovery, Florida Administrative Code. No exceptions were noted.

Depreciation Expense

Objective: The objective was to verify that the most recent Commission approved depreciation rates were used in calculating Depreciation Expense.

Procedures: We reconciled the Depreciation Expense to the general ledger. We recalculated Depreciation Expense for the program assets using the approved depreciation rates. No exceptions were noted.

Other

Objective: The objective was to verify the number of program participants reported in the Utility's Florida Energy Efficiency and Conservation Act (FEECA) Filing.

Procedures: We requested and verified the number of program participants reported in the Utility's FEECA Filing for the following programs: Residential Walk-Through Energy Audit, Residential Customer-Assisted Audit, Energy Planner, Commercial/Industrial Audit, and Demand Response. No exceptions were noted.

True-Up

Objective: The objective was to determine if the True-Up and Interest Provision as filed on Schedule CT-3 was properly calculated.

Procedures: We traced the December 31, 2018, True-Up Provision to the Commission Order. We recalculated the True-Up and Interest Provision amounts as of December 31, 2019, using the Commission approved beginning balance as of December 31, 2018, the Financial Commercial Paper rates, and the 2019 ECCR revenues and costs. No exceptions were noted.

Analytical Review

Objective: The objective was to perform an analytical review of the Utility's ECCR revenues and expenses to determine if there were any material changes or inconsistencies from the prior year.

Procedures: We compared 2019 to 2018 and 2017 revenues and expenses. We requested explanations from the Utility for significant variances. Explanation provided was sufficient. Further follow-up was not required.

Audit Findings

None
