Good Afternoon, Mr. Brad.

We will be placing the comments below in consumer correspondence in Docket No. 20200056, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you.

Toni Hover

Subject: Docket 20200056-EG

Public Service Commissioners:

The South Dade Branch of the NAACP believes FPL needs to do more than help just 3% of its low-income customers with energy efficiency, and certainly much more than the 1% suggested by your staff. PSC commissioners, please reject your staff's recommendation that would cruelly restrict access to the low-income program.

Now, more than ever, is the time for the PSC to take action to expand access to the low-income program as Floridian's struggle to recover from the economic effects of the pandemic. When you vote on FPL's plan on July 7th, please meet your responsibility to our state's low-income customers.

For additional information, please see "FPL playing hardball with low-income customers | Opinion" at <https://www.sun-sentinel.com/opinion/commentary/fl-op-com-fpl-customers-public-service-commission-20200702-bev5c3b4mzefviapt5v22rnz6a-story.html>

Thank you for your consideration of this request.

Bradford E, Brown Secretary

Pamela Brown Eyo Environmental Justice Chair

Sen. Dwight Bullard President

CC Torey Alson First Vice President Florida State NAACP and Legislative Chair
