Good afternoon, Kathryn,

Docket 20200119 was established on 4/9/20 per a request to establish docket. In the “parties” section of that request, you entered “All Water and Wastewater Utilities,” and added OPC as an “interested person.” In rulemaking dockets, we generally don’t have “parties of record,” and all entities are added as interested persons. I note that on this one All Water and Wastewater Utilities are shown as parties of record in CMS “because” the request to establish docket referenced same. Please advise if all water and wastewater utilities, in this particular docket, are to be shown as official “parties of record” or as “interested persons.”

Thank you for your help,
